

## ENROLLMENT PROJECTIONS

The Superintendent of Schools is charged with having updated enrollment projections available for board examination at the mid-point of each school year, and for the Superintendent to work with the administrative team to project staff, facilities, supplies, textbook, furniture and equipment needs in the short and longer term future.

Enrollment projections are to take into consideration:

- current school registration figures;
- recent and projected life birth patterns in local towns;
- anticipated changes in community planning and zoning; and
- current and planned community land development and housing projects;
- data from the latest school census.
